Place (1) EMR Defenders on any side of the hair dryer.

Replace once every year.

## Bluetooth Ear Phones

Place (1) EMR Defenders on front side of the blue tooth ear phone.

Replace once every year.

The suggested products shown above are not limited to just these items. We advocate that the use of the EMR Defender can be used on any electrical device that is plugged into an outlet. Studies has shown that the products above emit harmful EMR's. We advise to all buyers of electrical products to be cognoscente of the long-term ill health effects of EMR radiation.
