

CELL PHONE FACTS:

Cell phones emit Electromagnetic Microwave Radiation (EMR). Whether EMR is exposing you to serious health risks, including brain damage is still being hotly debated. The cell phone industry says there is no proof of danger.

And yet, years of research suggests otherwise.

When you talk into your cell phone or your cell phone ear piece, your voice is transmitted from the antenna as radio frequency radiation (RFR) between 800 MHz and 1,990MHz - a range equal to the middle of microwave frequency. Exposure to this microwave RFR may have serious health consequences.

Every cell phone model sold in the United States has a specific measurement of how much microwave energy from the phone can penetrate the brain. Depending on how close the cell phone antenna is to the head, between 20% and 80% of the radiation emitted by a cell phone is deposited in the user's head. The EMR Defender emits a powerful protective shield of neutralizing, balancing and stabilizing energetic signatures, **which protects from EMR radiation for one full year!**

SOME HEALTH EFFECTS LINKED WITH EMR'S

- Depression
- Irritability
- Inability to Concentrate
- Chronic Fatigue
- Loss of Energy
- Weakened Immune System
- Memory Loss
- Headaches

**Clean, Safe EMR Protection
For Your Children's Health!**

**ANTENNA | INTENSIFIER
BATTERY | BOOSTER
EMR | PROTECTION**

**Improve Antenna Signal
Enhance Battery Lifespan
Defends Against
Non-Ionizing Radiation**

We develop technology that works for you!

A CLEAN AND EFFECTIVE WAY TO REDUCE CELL PHONE NON-RADIATION RADIATION

Most cell phones give you access to your battery pack. Simply attach the EMR Defender to the front or back.

For cell phones like iPhones and other restricted access areas, place the EMR Defender directly on the back of the cellphone. Replace once every year.

www.YourNextWaveAffiliates.com

PROTECT YOURSELF FIRST

- GUARANTEED TO LAST ONE YEAR.
- FITS ANY ANTENNA STYLE.
- ATTACHES TO ANY BRAND.
- USE ON DIGITAL, ANALOG PHONES.
- NEW IPHONES AND OLDER STYLES.

Battery: Cellphone EMR Defender is powered by Infusion Technology that stabilizes the cell phone's battery between charges. This is achieved by a patent pending process where the material is infused with a set of frequencies that makes the cells of the battery enhanced with additional energy.

Antenna: Cellphone EMR Defender provides a signal 5 times greater than your cell phone's antenna thereby improving voice and data reception. Designed for portability and mobility; get better reception in your home, office, car, parking lots, hotels and airports.

EMR (electromagnetic radiation) Defense: The Cellphone EMR Defender is programmed with the same Infusion Technology that aids in counteracting the effects of radiation. This neutralization process reduces the damaging effects of radiation that emits from your cell phone in the form of non-ionizing radiation.

Thermal imaging test of the Cell Phone Defender

CELL PHONE WITHOUT PROTECTION

Cell phone ON **without** the Chip, 5 minutes into testing. The red and yellow coloring indicates heat stress to the skin cells from exposure to EMR's exerted from the use of the cell phone.

CELL PHONE 5 MIN. INTO CALL

Cell phone ON **with** the Chip, 5 minutes and 30 seconds into testing. Chip has reduced heat stress to the skin cells (indicated by green and blue coloring on the color scale).

CELLPHONE POWER TECHNOLOGY

The Cell Phone EMR Defender provides additional battery lifespan between charges so you can talk longer, also provides a signal five times greater than your cell phone's antenna thereby improving voice and data reception. It is also programmed with Infusion Technology that aids in counteracting the effects of cellphone radiation.

SPECIFICATIONS

The Cell Phone EMR Defender was designed to stabilize the battery between charges by a patent pending infusion process, thereby improving battery lifespan, increasing antenna strength by five times for improved voice and data reception, and aids in counteracting the effects of cell phone radiation.

Without protection incongruent interference works against the energy flow and slows it down.

WE ARE A DIVERSE RESEARCH GROUP THAT BRINGS THIS TECHNOLOGY TO YOU.
